

Combining stunningly rich aesthetics with superior strength and durability.

Cabinet Selection

All Dynasty Spas skirting is a reflection of our quality craftsmanship which adds durability and beauty to your spa. Skirting is available in our exclusive DynaWood™ & DynaStone depending on spa model and optional upgrades. Choose from a selection of skirting colors, or opt for our unstained Cedar skirting.

DynaWood™ Maintenance Free skirting

An exclusive feature of Dynasty Spas, the DynaWood™ Polymer Cabinet offers unparalleled look, texture, and performance.

Our DynaWood™ Polymer Cabinet is molded from our very own wood skirt and is maintenance free. It is available in three colors, Red, Gray and Walnut. It features custom rounded corners and removable panels for access to all areas inside the spa.

DynaWood™ skirting is moisture and impact resistant, therefore it doesn't crack or fade. It is also sound proof and flame retardant.

The DynaWood™ skirting provides additional insulation, which in turn means a cost savings for the customer. In fact, the DynaWood™ Polymer Cabinet combined with interior foam insulation, is rated with an R-27 insulation value (as a complete insulation system).

- **U.V. Light Inhibited No More Color Fade**
- **No Rotting**
- **No Discoloration**
- **Impact Resistant**
- **No Cracking**
- **No Delamination**
- **No Twisting or Warping**
- **Flame Retardant**
- **Sound Proof**
- **Improved Heat Retention**

DynaWood™ Red

DynaWood™ Grey

DynaWood™ Walnut

DynaStone™

DynaStone™ is a synthetic material that reflects the natural beauty of stone. Like the DynaWood™, it is maintenance free, has removable panels for easy access and provides added insulation. Choose Autumn or Gray, Available only on select 8" spas.

Premium Cedar Skirting

The final touch on any spa is the skirt and casing which finishes off your spa and gives it an elegant appearance. Dynasty Spas uses only the finest quality tongue and groove cedar to create a natural outdoor look, while providing you with a product that is resistant to decay and rot. Every shipment of cedar is inspected by our craftsmen before it is proficiently cut and assembled. A high quality cedar stain finish is applied ensuring lasting beauty and an easy to maintain spa for many years to come.

Color Selection

Combining stunningly rich aesthetics with superior strength and durability.

Color Selection

An optional feature of Dynasty Spas is our innovative Lucite™ Cast Acrylic with Microban®. Created during the manufacturing process, Microban® is an antimicrobial product protection that inhibits the growth of bacterial that cause odors and stains on the spa's surface. This odorless, tasteless and colorless technology is built into the acrylic shell, and is guaranteed not to wear out, wash away, or rub off, EVER. Microban® has been proven safe and effective and has been given the thumbs up by the EPA. Thanks to Microban® antimicrobial product protection, you can find comfort knowing your spa will stay cleaner for a longer period of time.

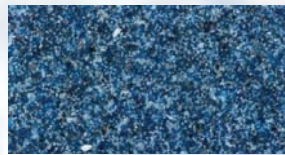

- 16 Sensational, sophisticated, radiant colors
- Microban™ protection available

- Various textures available
- Strong and durable

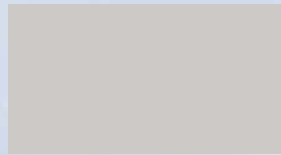

- Easy to maintain
- Non-porous
